Portfolio: <https://huwu55.github.io/portfolio.html>

Full Stack Web Developer with a solid foundation in coding architecture by performing cross-platform coding on building front-end and back-end. Attention to details and willing to work with teams to achieve goals by applying communication and problem-solving skills.

TECHNICAL SKILLS

Programming languages & Technologies: Intermediate C/C++, JavaScript, HTML, CSS, jQuery, NodeJS, Express.js, React, MySQL, MongoDB

PROJECTS

React-Mongo-MusicSongLyrics

March 2019 - April 2019

<https://react-mongo-musicsonglyrics.herokuapp.com/>

Re-structured the original group project MusicSongLyrics with React and MongoDB. For users to search songs, enjoy watching music videos, and sing along with lyrics. This is a single page application that uses react-router-dom to navigate, hide and show React components without changing routes within Express. Users are able to sign up and log in, and manage songs by adding them to Favorites or to created playlists.

MusicSongLyrics

Oct. 2019 - Nov. 2019

<https://huwu55.github.io/MusicSongLyrics/>

For users who aim to sing more in their domestic life, the app aims to pair artist and song to retrieve music lyrics and a video to encourage users with inspiration to sing along. The app enables users to store favorites in storage in order to create playlists. Built with Bootstrap and Firebase.

EDUCATION

UC Berkeley Extension Coding Boot Camp

San Francisco, CA

Full-stack web development

- Learning coding platforms including JavaScript, HTML, CSS, jQuery, Heroku, Git, MySQL, NodeJS
- Improving coding analysis and architecture by performing self programming and group programming

University of California Davis

Davis, CA

Bachelor of Science in Computer Science

WORK EXPERIENCE

The YMCA (Young Men's Christian Association) of San Francisco

San Francisco, CA

Association Translator

October 2017 - Present

- Translated written materials from English into traditional and/or simplified Chinese
- Edited and proofread texts to reflect lexical accuracy
- Able to translate and edit written materials vividly in context

Membership Engagement Associate

- Presented the role as a representative to all members and guests with inquiries, via phone calls and email
- Assisted the registration and/or renewal process of membership and program lessons
- Applied problem-solving skill and customer service at the information desk
